11th Grade

Eleventh graders will be taking a Personal Finance course this semester. It is a one semester course and a requirement for graduation.

10th Grade

Tenth graders will be taking United States History. This course is focused on the eras following the Civil War through present day. In December, all tenth graders will be taking a state-wide End of Course Exam (EOC). Working hard all semester should alleviate any worries about the exam as students will be fully prepared for the test.

9th Grade

Ninth graders will be taking a World History course. This course focuses on world history from the Renaissance through present day. This is a one semester course.

Please contact me at any time with questions, concerns, suggestions, etc., via e-mail (preferred) or feel free to call me directly.
